Subject US SAFETY RECALL NOTICE
BRITAX B-NIMBLE® Stroller
Model Numbers: U311771, U311773, U311775 and U311780
Manufacturing Dates: August 2010 to February 2011

Dear BRITAX Product Owner,

BRITAX Child Safety, Inc. in cooperation with the U.S. Consumer Product Safety Commission, is conducting a voluntary recall of all B-NIMBLE strollers. BRITAX has determined that all BRITAX B-NIMBLE strollers, model numbers U311771, U311773, U311775 and U311780, could pose a brake failure hazard. According to our consumer registration records, your B-NIMBLE stroller may be affected.

			
U311771 RED	U311773 GREEN	U311775 COWMOOFLAGE	U311780 BLACK/SILVER

Description of the problem:

An audible click heard when the brake pedal is pressed can give a false impression that the brake is fully engaged when it is not. When the brake is not engaged, the stroller can move unexpectedly posing a risk of injury to the child occupant. No injuries have been reported.

What You Should Do

BRITAX will send a free replacement B-NIMBLE stroller with a modified brake assembly to any person who has previously purchased a B-NIMBLE stroller. In order to receive a free replacement B-NIMBLE stroller, you should first call the BRITAX Customer Service Department at 1-800-683-2045 to confirm that your B-NIMBLE stroller is included in the recall. Thereafter, you will be shipped a free replacement stroller.

Consumers should immediately stop using their strollers and contact Britax for information and to request an improved replacement stroller. Consumers who resume use of their strollers while awaiting the replacement should always ensure that the brake is fully engaged.

Questions

Please contact the BRITAX Customer Service Department at 1-888-427-4829 with questions concerning this notice. The model and manufacture date from your B-NIMBLE stroller will be necessary information when calling (the image below indicates where to find the serial label on your stroller with the stroller's model number and manufacture date).
